1980 Article Index

Electrical/Electronics Assembly

Productivity & Cost Improvement Ideas, Jan. p.20
Innovative Assembly and Modular Material Handling, Feb. p.28
Reduce Total Installed Connector Costs, Peter Herdeg and Harley Holt, Bunker Ramo Corporation, Amphenol North America Div., Mar. p. 20
Engineering Adhesives For Electrical/Electronics Assembly, Apr. p. 24
Advanced PWB Assembly System at Zenith, May p. 22
Soldering System Speeds Medical Equipment Assembly, June p. 20
Programmed Parts Handling Offers Fast Payback, Nikita Andreiev, July p. 18
Operator Training for Microwave Integrated Circuit Assembly, Part 1, Stephen S. Leven, Staff Engineer, Bendix Communications Div., and Sheldon J. Schwartz, Sr. Mfg. Engr., Westinghouse Defense & Electronic Systems Center, Aug. p. 18
Operator Training for Microwave Integrated Circuit Assembly, Part 2, Stephen S. Leven, Staff Engineer, Bendix Communications Div., and Sheldon J. Schwartz, Sr. Mfg. Engr., Westinghouse Defense & Electronic Systems Center, Sept. p. 46
Printed Wiring Board Yield Improvement Program, Anthony J. Singer, Staff Engineer, GTE Automatic Electric Inc., Oct. p. 18
Increasing the Versatility of Lead-Making Equipment, E.H. Zimmerman, AMP Inc., Nov. p. 20
Practical Pattern Recognition Approaches to Industrial Vision Problems, Dr. Joseph Wilder, Sr. Scientist, Object Recognition Systems, Inc., Dec. p. 12

Design/Fastening/Joining

Productivity & Cost Improvement Ideas, Jan. p. 28
How Important Are Fastener Head Markings?, Charles J. Wilson, Secretary-Treasurer, Industrial Fasteners Institute, Feb. p. 26
Assembly with Pressure Sensitive Adhesive Films, Peter DeMarzio, National Adhesives Div., National Starch and Chemical Corp., Mar. p. 26
Threaded Inserts For Solving Assembly Problems, Apr. p. 30
Laser Welding, Cutting and Drilling, Part 1, Steve Bolin, Product Applications Manager, Raytheon Laser Center, May p. 30
Automated Paste Brazing and Soldering, June p. 24
Laser Welding, Cutting and Drilling, Part 2, Steve Bolin, Product Applications Manager, Raytheon laser Center, July p. 24
Weldbonding: A Revolution in Metals Joining, Robert Waterbury, Aug. p. 24
Cost-Effective Sintered P/M Fasteners and Parts, Terrence Thompson, Sept. p. 54
High Speed Forming—A Cost Saving Process, Oct. p. 24
Some Practical Tips for Fastening Plastics, Dave Wagner, Executive Engineer, Shakeproof Div., ITW Inc., Nov. p. 26
Multi-Station Riveting System Improves Quality and Productivity, Dec. p. 18

Ideas and Developments

Have Torch, Will Fix Metal Tubing Anywhere, Jan. p. 36
Brazing With Foil Cuts Costs, Speeds Assembly, Strengthens Jet Engine Parts, Mar. p. 32
Plastic Dip Protects Fasteners at Sea, Apr. p. 38
duoKone: New Standard Fastener Process, May p. 26
Alloy Bolts Play Defense Role, May p. 36
Fluorosilicone Gasket Seals Better, Costs Less, June p. 40
Stud Welding Cuts Stove Costs, Aug. p. 26
Hole Inspection Unit Probes Microscopic Depths, Robert Waterbury, Sept. p. 60
Industrial Fastener Update, Industrial Fasteners Institute, Sept. p. 63
Bleeding Bolt Signals Failures, Sept. p. 65
Plasma MIG Welds "Impossible" Tube Block, Oct. p. 30
Versatile Robot Introduced at ICAM, Nov. p. 29
Adhesive Transfer Tape Eliminates Welding Costs, Dec. p. 21

Assembly Systems/ Production/Test

Productivity & Cost Improvement Ideas, Jan. p. 38
Low Cost Controllers Open New Opportunities For Assembly, Nikita Andreiev, Feb. p. 32
Robots Are Learning to Arc Weld, Trevor Davies, PhD, BOC Advanced Welding, Milton Keynes, U.K., Mar. p. 38
Small Parts Containers and Systems, Apr. p. 42
Electro-Optical Systems: Only One Eye Is Open, Nikita Andreiev, May p. 40
Automated Small Parts Assembly, Peter G. MacLaren, Vice President Engineering, Black and Webster, June p. 30
Programmable Control for Assembly and Test Operations, Nikita Andreiev, July p. 28
Assembly Robots in the 1980's, Part 1, Terrence Thompson, Aug. p. 28
The Assembly Engineering and Manufacturing Conference & Exhibit, Sept. p. 30
Assembly Robots in the 1980's, Part 2, Terrence Thompson, Oct. p. 34
Solvent Cleaning of Assembly Components, Jim Johnson, Project Leader, and Ken Suprenant, Research Leader, Inorganic Chemical Dept., The Dow Chemical Co., Nov. p. 34
Automatic Assembly Today, Robert Waterbury, Dec. p. 22

Ideas and Developments

Computer and PC Join Hands for Selective Assembly, Apr. p. 46
Smart Robot Trims Aircraft Production Costs, Apr. p. 48
Assembly Technology Speakers Are Experts from Many Fields, Aug. p. 34

Management

Improving Productivity—A Way of Life at TI, Jan. p. 52
Japanese Success Defies Formula, Feb. p. 40
Training: Profit Center For The 80's, Mary E. Boylen, PhD, Assistant Director, Centre One, Conference Center, Mar. p. 46
Boeing Committed To Advanced Computerized Manufacturing, Part 1, Nikita Andreiev, Apr. p. 52
Boeing Committed To Advanced Computerized Manufacturing, Part 2, Nikita Andreiev, May p. 48
Managing to Win the Productivity Game, June p. 36
Let's Put U.S. Technology to Work for Us Now, July p. 34
Tapping Generic Technology to Stimulate and Increase Productivity, Aug. p. 36
How to Make the Best Use of the Assembly Show, Robert Waterbury, Sept. p. 70
Shop Floor Reporting Systems Monitor Production, Robert Waterbury, Oct. p. 40
CADAM: Earning Its Wings in Industry, Robert Waterbury, Nov. p. 42
FATGEN: CAD/CAM in Electronic Assembly, John F. Besnard, Hughes Aircraft Co., Dec. p. 28

Ideas and Developments

Boost National Productivity, Jan. p. 58
1979 Article Index, Jan. p. 111
Computer Assisted Process Planning—Key to Cost Savings, Robert Waterbury, June p. 42
Rx for Cost Reduction, Jack F. Hoover, Vice President of Manufacturing, Hamilton Technology, Inc., Sept. p. 74
Market Determines Metric Advances, Sept. p. 75
Tamper-Proof Labels Protect Data, Sept. p. 77
1980 Assembly Show Resounding Success, Nov. p. 46

Down the Line

King Size Do-It-Yourselfer's Project, Apr. p. 104
Aluminum-to-Steel Welds—A First, Apr. p. 104
Repair Plastic Bumpers? Of Course!, Apr. p. 104
Cherokee Nation Industries, May p. 110
Personal Computers, Sept. p. 128
Seal Testing for Gasohol, Sept. p. 128
Radar + Computer = Air Detective, Sept. p. 128
